MESSAGE FROM HURRICANE GO KART CLUB PRESIDENT

Hurricane Go Kart Club and our sponsors are proud to bring you another **King of the Hill** event and a big weekend of racing.

I would like to thank all of the volunteers and sponsors who continue to help out the club and support our awesome sport of gokart racing. Without great people and companies like yourselves, we are unable to hold these events and give Australian drivers a great Place to Race.

A massive 'shout out' in particular to those who have helped get the pit shelter completed in time for the KOTH weekend.

Our club embraces everyone in the racing community and encourages everyone to remember, as the racing heats up, let's keep our cool. If you have any questions or concerns, bring it to our attention and let's deal with it as best as we can, there are too many good memories to be made.

A final thank you to all drivers and support teams - let's have a great race weekend.

Travel safe, race hard and most importantly.. enjoy yourself!

GAVIN KENNEDY
PRESIDENT, HURRICANE GO KART CLUB

'DIPPER'

MIDALIA STEEL

Midalia Steel is home to Western Australia's largest range of steel products for all your projects.

When brothers Roy and Leon Midalia first started collecting scrap metal in 1951, little did they know their family business would grow into one of WA's largest steel suppliers.

Launched with one truck, a 6 m x 12 m shed and only £92, the brothers started scouring the South West - buying scrap metal, collecting copper and brass and removing scrap machinery from old mine sites.

"We have always employed local people from each of our regional locations and strongly believe the business is made up of many small businesses who know their customers and know where to deliver."

MIDALIA STEEL

ROPS ENGINEERING AUSTRALIA

ROPS Engineering Australia Pty Ltd (REA) is the result of a merger between two successful, highly innovative professional companies – ROPS Engineering Pty Ltd and ROPS Australia Pty Ltd.

Specialising in the design, manufacturing, testing, fitment, repair and certification of ROPS and FOPS for heavy machinery and vehicles; and the installation and servicing of Palfinger vehicle lifting cranes. Brothers Ben and Joe Dickinson from ROPS Engineering and Clinton Poultney from ROPS Australia are the driving force behind REA with over 20 years combined experience.

With a purpose-built property of 4000 square metres and 2000 square metres under roof, REA has the space to handle the biggest and hardest tasks with ease, whether that be fit-ups, rebuilds or refurbishments. Along with our comprehensive in-house product and skills range listed below, REA is proud to be associated with, and a distributor for the following businesses and their products: Acot 500 and Palfinger

REA is also happy to showcase our growing ability to offer a "one stop shop" for clients who don't have the time to organise the logistics of a full vehicle build.
