FROM THE PRESIDENT

GAVIN KENNEDY

Hi Hurricane members,

Well, the final Club run for 2023, "The Marlene Dean Kart Muster" is upon us this weekend where we honour the great, Marlene Dean. It will be a jam-packed meeting with Vintage Karts out on display and on the track, our Annual General Meeting and the Perpetual Club Championship presentations

We will finish the year off with some great food to feed those hungry racers and families. We have plenty of giveaways for our younger drivers, so please stay around for presentations if you can. The bar is open, the fire pit will be cranking, so you can have a drink and tell stories late into the evening. We also invite all members to camp overnight at the track if they wish.

I want to personally thank all of the members who have volunteered for duties during the karting season and especially the hard working committee members and regular volunteers who donate a lot of time and their expertise to keep the club running.

Im sure we are all looking forward to some time off after a busy year and I wish you all a happy and safe festive season. I will make my way around on Saturday to greet as many of you as I can and look forward to seeing you all again next year.

As the president of the HGKC, I would personally like to thank you for making Hurricane "Your Place to Race".

FROM THE COMMITTEE

2023 ANNUAL GENERAL MEETING

Prior to the commencement of racing, our clubs AGM will be held. This is your chance to hear what the committee has been doing, elect a new committee and have your say as to any changes you would like to be considered by the members.

2023 ACHIEVEMENTS

The HGKC Committee has been working hard for its members once again. Thanks to the previous and current committee members the club is in a great financial position. This has allowed the club to invest in the clubs future.

2023 has seen us make an offer on the 2 parcels of land for the club, that upon sub division approval, can provide some many options for infrastructure improvements to the club. We have seen the new fully covered Grid shelter be erected, with a new sail shade set up on the outer grid area.

A club strategic plan in relation to infrastructure needs and the future of the club have been completed. Through our consultant, the preparation of grant applications to Government agencies for various infrastructure improvements is underway and we expect multiple applications to be submitted in 2024.
