## ***MESSAGE FROM HURRICANE GO KART CLUB PRESIDENT***

Once again, the Hurricane Go Kart Club welcomes you to the best race meeting of the year, the 2024 Perth Heavy Haulage King of the Hill.

With our long-term history of running this event with the racing completed in the one day, we are not surprised it is regularly the largest open meeting of the WA Karting calendar.

I would personally like to thank the hard-working Committee in putting this event together and all the members who attended the busy bee to prepare our track for the KOTH. A massive thank you to all the sponsors who have got on board for the 2024 Perth Heavy Haulage King of the Hill, as we just could not hold the event without these companies. Thanks for making Hurricane "Your Place to Race".

As always, at Friday practice & Saturday's racing, the event is run by volunteers who donate their time so you can race. So please show RESPECT to these volunteers and officials, as without them the event would not happen. As the racing heats up, let's remember to keep our cool and deal with any issues as per the KA guidelines and decisions by the stewards / officials. Any disrespectful attitudes will not be tolerated.

HGKC wishes all the drivers and support teams the best of luck for the weekend.

Be safe, race hard and most importantly, enjoy yourself.

# ***GAVIN KENNEDY***

***PRESIDENT, HURRICANE GO KART CLUB***

## ***2024 KING OF THE HILL***

# ***RACE FORMAT***

The system of gridding will be in accordance with State Regulations – Cup Competition Format 3. 289 Point System. Final Only Counts.

# ALLOY STEEL

## ABOUT US

Alloy Steel International's 5000 square meter state of the art Steel Mill and Manufacturing Facility in MALAGA WA is unique and the only running company in Australia to combine both the milling of Chromium Carbide Wear Plate and the fabrication of field ready applications. ASI will design and fabricate applications to meet your specifications and requirements. With over 30 years of experience, Alloy Steel International (ASI) is a vertically integrated Australian owned and operated company. We are a manufacturer of premium products and services providing excellent value and cost-effective wear solutions, whilst ensuring safety in design. ASI is stage 2 ISO Quality accredited for Health and Safety, Environmental and Risk Management.

### ASI VISION

To be the global leader and provider of manufactured wear products and solutions to customers seeking high quality and reliable products. On-time every time.

### ASI MISSION

Continuous improvement and delivering our customers with industry-leading quality products, services, and value-adding solutions.

### ASI CULTURE

We are an organisation that promotes safety, respect, learning, recognition for good work, and constructive conversations. We do not value negative attitudes or accept poor standards.

## ABOUT BOAB METALS LIMITED

Boab is dedicated to attracting the right staff at every level, maximising their contribution to the business and rewarding their performance. This, in turn, contributes to the Company's ongoing success. Boab Metals acknowledges the Traditional Owners of Country, the Aboriginal people of the many lands that we work on and their language groups throughout Western Australia and recognise their continuing connection to the land and waters. We respect their continuing culture and the contribution they make to the life of our regions and we pay our respects to their Elders past, present and emerging.
